

HILLS WILL HEAD LOCAL POST OF AMERICAN LEGION

Garland Chosen Finance Officer at Thursday's Meeting

Walter Hills was chosen commander of the Antioch Post of the American Legion at the meeting held last Thursday night when the by-laws were changed to conform with the state by-laws, allowing election of officers this early in the year.

George Garland, senior vice-commander this past year, was elected finance officer and George Hirschmiller was made senior vice commander. Dr. B. J. Lutzman is to be junior vice commander and Grant Collins, sergeant-at-arms. It was announced following the meeting. The Rev. Rex Simms was re-elected to serve as chaplain. Dr. L. John Zimmerman who was commander this past year, was elected delegate to the eighth district with Paul Chas as his alternate. Appointive officers will be filled later. Arthur Maples was named member of the executive committee.

Installation is planned to be held Thursday, Sept. 21. Election of officers, previous to the change in the by-laws, has taken place in the fall.

Walter Hills, newly elected commander was junior vice commander this past year. Dr. Zimmerman, who will retire from the office, has been responsible for an active program. In addition to the traditional projects of the local post, he sponsored the first annual Legion Washington Birthday banquet and the dental clinic for school children.

George Hirschmiller, elected senior vice commander at the last meeting, was sergeant-at-arms this past year. Other officers this year have been Alonzo Runyard, member of the executive board. Mr. Maples and Mr. Chase, eighth district delegates, and Clarence B. Shultz, finance officer. More than six appointments to office will be made before the installation.

Miniature Railway Attracts Antioch Children and Grownups

Toot! Toot! Antioch is terminal for a new railroad. The president, general manager, engineer, fireman and conductor is W. J. Bazarek, of Belleville, Ill. Of course it's a miniature railroad and train, which Bazarek got under operation late Saturday on the Nabur lot opposite St. Peter's church.

"This is Uncle Bob's Miniature Train," Bazarek told a News reporter. "There is 500 feet of track in the circle; the eight-pound rails have a 20-inch spread. The engine weighs 1,300 pounds, and is powered with a Model A Ford motor. The train is 35 feet long and weighs 2,100 pounds. We never have any difficulty in hauling a full load and we have never had a passenger too heavy to carry," Bazarek said.

The railroad has had good patronage since starting business here Saturday night, and the Bazareks, who camp on the grounds, plan to stay until after Labor Day.

Dance Benefit Will Be Sponsored for Lake Villa Fire Department Sept. 2

At Lake Park and Palte Lake roads members are sponsoring to be given Saturday, Sept. 2, the benefit of the Lake Villa Fire Department. A good orchestra is promised to those who attend.

"Help them now so they can help us in time of need" is the slogan of the committee in charge of arrangements for the benefit. Proceeds will go to the Lake Villa volunteer fire department which has recently purchased a new \$5,300 truck.

The dance will be held at the community house at Lake Center and will start at 9 o'clock it is stated.

Young Democrats Hold Smoker at Waukegan

A smoker was held in Turner Hall, Waukegan, Tuesday evening by the Lake County Society of Young Democratic Voters, assisted by Dyer, in charge of arrangements, was assisted by Howard Mainie, Laddie Kozlowski, Happy Donahue, Stanley Dady, Samuel S. Smith and Irvia Moody.

Mrs. McCann Allowed \$3,000 by Court for Housekeeping Services

A judgment allowing Mrs. Lillian McCann \$3,000 for her services as housekeeper to William Hancock, was entered in Waukegan court by Circuit Court Judge Ralph J. Dady, last week-end. However, a reduced amount of \$1,575 had been recently asked by Mrs. McCann.

The late William Hancock was found murdered one morning more than a year ago. Mrs. McCann, reporting for work found him taped and helpless, held in bed by adhesive tape.

ECONOMICS, SKILLED DRIVING AND BEER LEAVE GOOD RECORD

Lack of Serious Accidents and Arrests Is Con- spicuous

Economic causes, better driving, and the return of beer are the factors credited by local doctors and other authorities for the decrease in traffic violations and accidents during the 1933 summer season, which, according to present indications, will close without a single involuntary ledger being housed in the village jail.

What he considers the effect of the substitution of beer for bootleg liquor has been commented upon several times by Dr. H. F. Deebe, village health officer, who declares that he has never seen a summer pass more quietly and with fewer mishaps. Serious accidents have not been so few in this locality during the summer in a number of years as they have been this year, he states.

Others commenting on the summer's activities have held the view that there has been less drunkenness in evidence on the streets than in other years, which they attribute both to the fact that beer is being substituted for "hard liquor" and that vacationists and residents have less money than in former years to spend on "neonahue."

Lack of money is advanced as a reason for the decrease in traffic violations by Simon Simonsen, village marshal, who recalls that in past it was a common occurrence for the village jail to house eight or nine motorists picked up in town or at the lakes. The gradual disappearance of the "collegiate jallory," popular a few years ago, is given a large share of the credit for this decrease by Mr. Simonsen who comments that the summer season used to bring droves of irresponsible city youngsters out in their \$10 and \$15 cars. These cars aren't seen so much any more, because they haven't the money to buy and operate them, he believes.

He also states that drivers have become more careful and there are better drivers operating cars today than there were a few years ago. State highway police have made few arrests during the summer months and agree with Mr. Simonsen that "there's nothing doing" in the police business.

Klass and Zimmerman Show Speed at Picnic Held by Legionnaires

When the crowd of Legionnaires, their wives and families, of the eighth district, gathered at Sportsman's Park last Sunday, Otto Klass won the honors for the local post, coming in a close second in the race for the 190 pounds and over class. Honors in racing were narrowly missed by Dr. L. John Zimmerman, post commander, who was leading his competitors when he tripped and fell in the 50 yard dash.

The egg catching contest was another feature of the day, in addition to the children's races, in which many Antioch young people took part. A baseball game between Cary and North Chicago was won by North Chicago. The evening game was cancelled.

Sister of Miss Stanley Dies at Waukegan Home

Mrs. Albert E. Jack, a sister of Miss Mary Stanley, village librarian, died at her home in Waukegan last Friday after an illness of several years and was buried Monday at Millburn Cemetery, following funeral services at White and Tobin's in Waukegan.

Mrs. Jack was a daughter of a Millburn family where she lived during her girlhood. She is survived by her husband, six children, and three sisters.

PUPILS URGED TO REGISTER EARLY AT HIGH SCHOOL

Choosing Subjects Aug. 29 Will Assure Preference

Pupils who will enroll at Antioch Township High School during the coming term, are urged to register Tuesday, Aug. 29, by Principal L. O. Bright, who states that they will stand a better chance at that time of taking the subjects which they want. Later classes may be filled.

According to the schedule laid out at present, juniors and seniors will register before noon on that day and freshmen and sophomores during the afternoon. A group meeting of freshmen will be held at 2:30 o'clock, in order that explanations may be made. Members of this class will be required to show their eighth grade diplomas at the time of registration.

Several changes have been necessitated, according to Mr. Bright, to prepare to accommodate an increased number of pupils by the same number of teachers. Subjects which will be omitted this year are: Bookkeeping, design, radio and harmony. General science will not be required of all freshmen and will probably be offered only in one class.

General Business Course
A course in general business will replace bookkeeping and science for freshmen and sophomores. This course will discuss business chiefly from the angle of the consumer and is intended to overcome much of the misinformation and lack of information commonly present in the individual's contact with the business world. A course in the selection of occupations will be offered to juniors and seniors.

Upon the advice of the English teachers, the board of education has decided to materially reduce the number of text books required in the English classes. In some instances this will require the introduction of a new book which will include that formerly covered by the two or three other books. Books which are listed in comparison with former text books, have been selected by the teachers.

Subjects which will be offered, with these required in capitals, are: Freshmen, ENGLISH, Algebra, Latin, Foods, Agriculture, Business, Industrial Arts, General Science, Ancient History.

Sophomores, ENGLISH, geometry, Caesar, Ancient History, Agriculture, Clothing, Industrial arts, business, Biology.

Juniors, ENGLISH, Advanced Algebra, European History, Farm Mechanics, Mechanical Drawing, Short-hand I, Typing I, Cicero, German I, Vocational Guidance, Physics.

Seniors, ENGLISH, AMERICAN HISTORY, Economics, Cicero, German II, Short-hand II, Typing II, Farm Mechanics, Chemistry, Mechanical Drawing, Vocational Guidance.

Work in Art and Public Speaking may be selected by anyone. Other subjects available to all are band, orchestra, chorus, girls' glee club and boys' glee club.

A graduate of Antioch Township High School can enter any college in the middle west without examination if care is used in the selection of subjects, as recommended by the principal, Mr. Bright, points out.

The following are listed as required for college: four years of English, three of mathematics, two of language, two of science and two of history. If it is likely that the pupil may enter college, the advice of the principal should be sought to learn more of the particulars, as the various college courses have somewhat different entrance requirements.

School begins Tuesday, September 5, at nine o'clock daylight saving time.

West Chicago Girl Sings at Church

Miss Marian Benson, of West Chicago, was soloist at the Methodist Episcopal Church services last Sunday. She sang "Old Rugged Cross." Miss Benson is a niece of Clarence Anderson at whose home she was visiting over the week-end.

QUILT SHOW AT GRAYSLAKE

There will be a quilt show at the Congregational Church in Grayslake Thursday afternoon and evening, August 31. The show is open to the public and all are invited to attend.

KELLY INCOME TAX DISCLOSURE RAISES STORM OF PROTEST

Mayor Was Appointed by City Council Without Popular Vote

Springfield, Ill., Aug. 24.—Gov. Horner has another heavy burden to bear. He forced through the legislature a bill which permitted the Chicago City Council to elect Mayor Edward Joseph Kelly as successor to A. J. Cermak over the protests of Chicagoans who wanted to preserve the right of the voters to make a selection. Now there is hell a-poppin'.

The Hearst papers in Chicago started it a week ago. They said "a prominent public official" had been caught \$500,000 short in his income tax returns and that he had been forced by the federal government to pay an additional tax of \$70,000 and a penalty of \$35,000. It was stated that the fifty per cent penalty is invoked only where "there is fraud in the tax returns."

The reporters interviewed many "public officials" but printed the interview of only one—Mayor Kelly. He said:

"Any answer that I might make would put me on the spot."

The story was carefully handled by the Hearst papers for several days, getting the whole city aroused. Toward the end of last week they came out and stated positively that Kelly was the official named and that he had neglected to report the half million dollar income in 1926, 1927, and 1928—the "whoopie era" when Kelly was chief engineer of the sanitary district.

Kelly admitted it and has been explaining since. He says he "neglected" to report the amount because it was money paid back to him for funds he advanced during the senatorial campaign of the late George E. Brennan, one time Democratic boss. Brennan filed a statement in Washington that his campaign expenditures were \$73,844.23. He listed Kelly as the contributor of \$1,000.

All the Chicago papers had to start printing some angles of the story. Demands are voiced that Kelly resign. Investigation shows that the Democratic legislature in its rush to pave the way for Kelly to get into the mayor's job, neglected to give the City Council any authority to fire the mayor it put in. Kelly may and may not quit. Democrats are openly asserting that he has ruined the party in Cook county. Kelly answers that the truth about him is "hurting the good name of Chicago."

Democrats Elect 5 to Executive Body; Mastne Is Chairman

Roosevelt and O'Keefe Will Be Invited to Round- up Planned

An executive council composed of five members was elected by the Antioch Democratic Club at a meeting held Tuesday night at the Lakes Center Laundry. Full power to act on all matters of importance was given the group.

Frank Mastne was elected chairman of the five and Mrs. Delain Rigby, Secretary. Other members are Charles McCormick, Clair Kelly and George E. Phillips.

Tentative plans were laid at the meeting for a big round-up to be held sometime in the next month to which County Chairman John O'Keefe will be invited. An invitation will also be extended to President Franklin D. Roosevelt. It was stated following the meeting.

Frank Dunn, Clair Kelly and Ed Garrett were appointed as a committee to examine the constitution and by-laws and suggest changes, which will be reported at the next meeting. George E. Phillips was appointed press correspondent of the club.

It was voted at the meeting to regularly audit the accounts of the secretary and treasurer, the first audit to be made by Sept. 1. All persons having claims against the organization are requested to submit them within the next few days.

Water Department to Pay 2 Per Cent Sales Tax State Department Rules

Antioch's water department which has been a self supporting unit of the local government, will be forced to pay the 2 per cent sales tax, it has been ruled by the state finance department. The tax in a year's time will amount to around \$80. Water rent receipts in the village last year, totaled around \$4,000. The water department, as well as being self sustaining, has been operated at a profit. A reserve fund, according to present plans, will be used for the construction of a new water tower.

SUTER FROM LASALLE IS NEW TEACHER AND COACH, BOARD REVEALS

Has Two Master Degrees from Defiance and Michigan

Albert B. Suter, former coach at La Salle, Ill., and a graduate of Defiance College, Defiance, O., and of the University of Michigan, Ann Arbor, was engaged this week by the board of education of Antioch Township High School to teach science and coach athletics for the ensuing year. Mr. Suter will replace Gerald Reed who resigned from his position last spring after teaching here six years.

According to his qualifications submitted to the board, Mr. Suter has been teaching and coaching since 1917 and holds a Master of Arts degree.

Mr. Suter will have full charge of all athletic activities at the High School, coaching the football, basketball and baseball teams. His coaching at La Salle included swimming.

The new instructor will also teach science at Antioch High School this winter for which he has considerable training. He is also qualified to teach foreign languages and take over the leadership of an orchestra. A native of Illinois, his home address is now Huntington, Ill.

Previous to engaging Mr. Suter, a large number of applications were investigated, members of the board state, explaining that the dual requirements of a coach and science instructor could not be met by all candidates. Mr. Suter is expected to arrive sometime next week before the opening of school.

White Reports Dry Spell Has Damaged Feed Crops in Area

Lack of rain has seriously damaged new feed crops according to George White, well-known local farmer, who says that the continual drought has left practically no pasture. A similar dry spell was experienced last year, he recalls.

Complaints of the dry weather are being made by residents in the village as well as by the farmers, for the gardens are reported to be suffering and lawns have been burned brown except where they have been kept green by continual watering.

Wheat was poor this year on local farms. Yields ranged from 5 to 30 bushels to the acre. Mr. White found in his talks with farmers. Fifteen years ago, the wheat harvest averaged around 42 bushels to the acre.

Kavanagh, Veteran, Dies in California

Is Brother of Mrs. Van Duzer and of Mrs. Moran

Bernard Emmett Kavanagh, 37, a brother of Mrs. Ben Van Duzer of Antioch and Mrs. R. W. Moran of Trevor, died last Saturday at the Veterans A. F. Hospital at Los Angeles, Cal., according to reports received this week.

Mr. Kavanagh lived most of his life in Chicago, but is well known through this section. During the World War he was enlisted in Company F 28th Infantry, first division, and was decorated by General Petain of the French Army for bravery, receiving the French Croix de Guerre and the French shoulder cord.

Four brothers and two sisters survive. They are Frank Kavanagh of Camp Lake, William of San Diego, Cal., Charles of Chicago, Edward of Prairie du Chien, and Mrs. Moran and Mrs. Van Duzer.

FARM GROUPS PLAN VARIED ACTIVITIES FOR PICNIC TUESDAY

Outing To Be Held at Cedar Crest To Be an All-Day Affair

Music of the Cumberland Ridge Runners, a milkmaid contest and 4-H club exhibits are features planned for the picnic and round-up which the Farm Bureau, Lake County Home Bureau and Pure Milk and Protective Association will hold next Tuesday at the Cedar Crest Country Club on Route 59.

Principal speakers during the day will be Miss Mary Louise Chaso of the University of Illinois Home Economics Extension Service, Chick Phillips, formerly head of the poultry department of Purdue University and D. E. Lindstrom of the University of Illinois.

Exhibits of the 4-H Club will include pigs, calves, sheep, poultry, clothing and baking. Girls ranging in age from 10 to 22 will take part in the milkmaid contest in which a two-day free trip to the Century of Progress will be awarded the winner.

A baseball game between the Lake County Farm Bureau baseball team and the McHenry County team is scheduled for 2:30 o'clock DST. Games and races for all ages are also planned.

A dance is the entertainment which will be offered in the evening when the Cumberland Ridge Runners, composed of "Red" Foley, Slim Miller, Carl and Hardy, Linda Parker and Lula Bello of the WLS Radio Station. The official program will start at 10 o'clock in the morning.

Boys Will Attend Fair With Parents and Scout Leaders

Six parents and leaders will accompany the Boy Scouts who will attend the Century of Progress Exposition in Chicago tomorrow to take part in the parade to be staged as part of their day, officials of the local organization have announced this week.

Those boys who will attend are: "Turtle" Horton, Jimmy Maples, James Van Der Linde, Wendell and Harry Nelson, Robert Strang, Clarence Rosenstock, Harold Gaston, Robert Gaston, George Bartlett, Charles Rothers, and Robert Burke. They will be accompanied by the Rev. Philip T. Bohl, Howard Mastne, B. R. Durke, Archie Maples, Mrs. S. Boyer Nelson and Mrs. H. B. Gaston.

Registration blanks for all boys attending have already been mailed to the authorities sponsoring Boy Scout Day at the Fair. A tour of the exhibits will follow the parade.

Genuine Black Bear Is Vacation Memory of 2 Antioch Young Men

Robert Alvers and Lloyd Murrell returned Sunday from a vacation in Wisconsin after traveling 1,400 miles in the last ten days, having their path crossed by a genuine black bear and catching several fish. The boys encountered the bear on a shortcut which is seldom traveled. Hayward, Wis., was their headquarters during the outing.

Asks Legionnaires To Report Before Attending Convention

Legionnaires who are planning to attend the state convention which will be held at Rockford, Saturday, Sunday, Monday and Tuesday, are requested by the local commander, Dr. L. John Zimmerman, to see him at his office before going. A number of local people are planning to attend the parade which will be held Monday.

Mann Catches Bass at Loon Lake; Says Fish Are Biting Well Now

Bob Mann, enthusiastic fisherman, returned Monday after playing his skill with the rod at Loon Lake, exhibiting a catch of four bass weighing around 1 and 3/4 pounds. Mr. Mann, who has fished in most of the surrounding lakes this summer, says the black bass are biting unusually well in this section now.

WEDNESDAY NIGHTS

Wednesday night with its tradition of keeping stores open, has been a sore spot in local business circles for some time, but although nearly every merchant along the street complains of the practice, no co-operative move has ever been made to abolish it.

Merchants in a number of cases will freely admit that keeping open on Wednesday night is neither necessary nor profitable. One business man, in a position to know local conditions, went so far recently as to state that the light company makes the only profit on that night.

Obviously, there is some attendant expense as well as inconvenience in remaining open the additional hours on that day. With the adoption of the N. R. A. code by a number of firms, the inconvenience is increased. If it profits no one, the practice becomes bad business. Considered from the consumer's point of view, the advantage is slight, for a great share of the Wednesday night shopping could be done during the day.

Remaining open on Saturday night, has a number of psychological advantages over the mid-week night. Saturday is pay day in a number of homes, and it is also the end of the working week which is conducive to a general air of relaxation. Many housewives prefer to postpone their shopping for Sunday supplies until as late as possible. These causes working together, draw crowds to the business street, and the crowds in turn draw more shoppers who want to "see who's in town."

The mid-week night has none of these advantages. Wages are already well spent, and the working week is not completed. Especially dull, as far as business is

concerned, are the Wednesday nights of the winter months, and with the end of the summer season already appearing on the horizon, the problem becomes more irksome.

It would require poor judgment as well as courage for a single merchant to make the move toward closing on Wednesday nights. No merchant can afford to lose what business may come his way if the town, as a unit, maintains "open house" on that evening. But as a group measure, if adhered to, it could be placed in effect at a saving to the individual firms. With reason after reason being cited against the policy of remaining open, no one has risen to defend the practice. Continued merely to preserve a tradition, it becomes extravagant folly.

JOBS OR TAXES

American business, as the Manufacturers Record recently observed, cannot continue to supply both wages and taxes in the amounts demanded.

It is becoming a matter of which it shall be—a job or some more dollars for the public treasury? Government has apparently not learned the fact which is of the utmost obviousness to the rest of us—that every dollar taken in taxes, means that business must pay a dollar from other expenses. In a great many businesses the piling must be done principally in the wage budgets, either through decreased compensation or fewer jobs.

At the moment, the entire resources of the government are being given to providing more jobs at better wages. This is being done through the largest public works program in our history. It is being done through agreements within industries, and through official fiat. It is being done through appeals to patriotism and sentiment. All of this effort will be vain without tax relief. After all, the most willing business in the world can't raise wages when it hasn't the money in the bank.

Both the practical and psychological effects of a decisive policy of governmental economy would be unimaginably great. It would give investors new hope, management new spirit. It would be at once reflected in increased production, higher buying power and jobs. Every branch of government—federal, state, county and city—has been at fault; every branch must do its part if real tax reduction is to be obtained.

WILMOT HIGH SCHOOL ANNOUNCES OPENING SEPTEMBER 5TH

Fox-McKerlie Wedding Is Solemnized at Holy Name Church

The Union Free High School will open on Tuesday, Sept. 5th. Classes will be held in the gymnasium until the new building is completed, which is expected to be in readiness for occupancy by October 1st.

The staff of teachers for the year include Mr. Marlin Schnurr, principal and teacher of Agriculture; Miss Thomas, who will teach English and Latin; Miss Alice Kuenzli, History and Social Science; Miss Berger, who has charge of the commercial course; Mr. Lieske, Science and Mathematics; and Miss Gladys Bifton, Instrumental and Vocal Music. All were on the faculty last year. Mr. Schnurr has been outstanding for his methods of organization and management, and high standards for the high school. He has worked continuously with the boards of education of District No. 9 and the High School district and building committee of the new building, to make the new school a model building and practical in present and future times. Miss Thomas has done exceptionally noteworthy work in dramatic coaching, and Mr. Lieske leads an enthusiastic group of boys in athletics.

Postgraduate work will be offered this year if there is sufficient interest shown. Several former students have requested the opportunity to continue higher education. This is a new field for a high school in this community, and will be of great advantage to those who have not been able to go on to school elsewhere. Any student interested may get the particulars by calling Mr. Schnurr.

The Holy Name Church was the setting for a charming wedding at 3:00 o'clock Wednesday morning, Aug. 16th, when Miss Doris McKerlie, Itasca, Ill., became the bride of John Benjamin Fox, son of Mr. and Mrs. Fred R. Fox, of Salem, Wis. The ceremony was performed by Rev. John Pisan, pastor of the Holy Name Church.

Covers were laid for twenty at the luncheon held at Antioch, Ill. Another Scotch Story
Yes, a Scotchman knows a bargain when he sees one. The public library of Cambridge, Mass., announced that all fines would be forgiven on books which had been out a long time, provided they were returned now. This offer brought in one 65-cent book, "The Story of Scotland," which had been out for 38 years and on which the fines would have amounted to \$290. It was charged to John Mackintosh.

If your elephant wants to ride on top
IT'S ALL RIGHT WITH A CHEVROLET

CHEVROLET

We didn't actually plan on elephants when we chose the bodies for the new Chevrolet. But we did choose bodies rigid enough, and strong enough, to support six tons of elephant or anything else you can name. Fisher bodies . . . steel bodies plus a hardwood frame . . . exactly the same type of bodies used on all 12 and 16-cylinder cars. Steel alone is not enough to make you as safe and secure as we want you to be in a Chevrolet. A steel body, welded into a solid wall of protection plus resilient hardwood reinforcing to take up stress, absorb shocks and

prevent the steel from following its natural tendency to buckle under pressure makes the sturdiest body of all—the kind used on the Chevrolet, and on no other low-priced car. Remember that when you buy a car. Be sure to get all you pay for . . . the super-safety of a steel-plus-wood Fisher body. CHEVROLET MOTOR COMPANY, DETROIT, MICH.

HintsCanning Is Basis
for Winter Saving
and Health MenusDried Corn Has Delightful
Flavor, Says Mrs.
Richey

Summer gardens and the plentiful markets this time of the year, offer untold opportunities to the housewife to lay the foundation for winter economy and stock up wholesome foods for the winter table. Tomatoes, corn, and beans are vegetables immediately available for canning.

Drying corn is the most inexpensive method of preserving this vegetable, according to Mrs. Ruby Richey, home economics instructor at Antioch Township High School, who cites the saving on cans, rubbers and lids as being a material advantage in addition to the delicious flavor which the dried corn possesses.

To most people, dried corn is a treat. Mrs. Richey states, pointing out that canned corn may be secured at the store, but many persons never taste the dried corn. The method of preserving corn in this way is described by her as follows:

To Dry Corn

The corn is taken from the garden or bought on the market, and husked and silks, then dropped into boiling water and left for 10 minutes. After the corn is removed from the water, cut the kernels from the cob and then it should be spread on a sheet over a table in the garden and left in the sunshine. Two sunny days are often required to thoroughly dry the corn. In case the weather is damp with no sunshine, the corn may be dried in the oven which should be set at a low temperature. If it is dried in the sun, following the process, it should be placed in the oven and heated through to kill any insects. Then place the corn in a cloth bag and hang it on the wall in a cool place.

To prepare this type of corn, for serving, wash it and soak it over night. The next day, cook slowly from 1½ to 2 hours. After this cooking, it may be prepared as es-

copped, creamed and buttered corn.

Cold Pack Method

Corn, and beans may both be canned successfully by the cold pack method. In using this method, Mrs. Richey cautions beginners against tightening the covers too tight on the jars as this prevents the steam from escaping and may cause the jars to crack when the steam expands. Tighten the jar with the thumb and little finger, is the advice of Mrs. Richey, because there will be too little strength in the little finger to get the jar too tight.

When the jars have been removed from the hot water bath, in this method, the lids should be tightened and the jars then inverted to cool, her instructions outline. A wash boiler or large kettle may be used for cooking the jars and lacking a cold pack rack in which to place the jars, a heavy cloth may be placed under the jars, to keep them from coming in contact with the boiler.

Cut Corn from Cob

To cold pack corn, it is heat, says Mrs. Richey, to cut it from the cob, as canning it on the cob is a waste of space. Raw corn should be packed firmly in a jar, until the milk from the corn comes to the top. Add a teaspoon of salt to each quart, then tighten the jar with the thumb and little finger and cook in the hot water bath for three hours. Remove and follow directions above.

To cold pack green beans, take the vegetable and string and break it into desirable lengths. Then wash and boil from three to five minutes to shrink it. After the shrinking, pack in jars and cover with the liquid in which the beans were boiled. Add 1 teaspoon of salt to the quart and tighten the cover with the thumb and little finger. Cook in the hot water bath for three hours. Remove and follow directions above.

Those having tomatoes in their gardens should can those which can't be used for the table now. September, however, is a better month to buy tomatoes for canning, as they reach their lowest price during that month. Tomatoes are especially valuable for winter eating, as they are similar in their vitamin content to oranges and can be substituted for oranges. Tomatoes, Mrs. Richey has found, are as expensive as any vegetable during the winter.

Neckwear Will Solve
Problem of Old Dress
Which Needs Chic Touch

Neckwear, which is in vogue this season, will solve the problem of the old dress which needs a new look. In most cases with great ease, it goes even farther than offering decorative collars and cuffs, for styles which are being shown, offer a widened shoulder as well.

Pique will continue to be a popular choice, even for satin and crepes. Satins and crepes are the two other materials which will be worn most.

Collars which tie will be popular, both because they are pert, and because they will give most dresses an entirely new line. The tie collar may be a dashing ascot or an impudent huge bow. It may tie under the wearer's chin, or low on the throat. It may be of pink, beige, white, or cream satin, of plaid taffeta, or polka dot crepe, or any of the many materials which are used with such devastating results to trim the new fall dresses.

The fall neckline styles are not difficult to duplicate with home dressmaking. They offer opportunity for cleverness in combining fabrics and colors, and for choosing types which will give an old dress chic.

Veracious Story

My father once told me he killed a cat. To make sure it was dead he decapitated it. But to and behold, it lay carrying its head in its mouth! The cat didn't come back the next

Use Tomato Juice Cautiously
Several years ago when it was discovered that a vast and very profitable market could be developed for tomato juice, it looked as if something had been discovered which would prove a great boon to everybody. Many people began drinking canned tomato juice—morning, noon and night—and also between meals. It is very refreshing, and in many cases it is also very wholesome and beneficial—but it has been found that with some people it is too powerful an acid to be taken into the stomach. Those who have tried tomato juice and found that it doesn't agree with them should avoid it absolutely. It is liable to produce serious derangement of the digestive system and the blood. If there is any question about it, take it only on medical advice.

To prove that every home can afford to heat
with gas... we will install it at our expense and
remove it at our expense, if you don't like it.

THIS back-breaking toil is only part of the job of tending fires! There's those extra cold days when she coils up and down the basement stairs. Nursing the fire. Worrying that it might go out. Trying vainly to keep even hear. Cleaning, endlessly cleaning dusty grime and soot from walls, curtains, furniture. And you do your part, too. You shovel coal. Drag our ashes. Split kindling. End this old-fashioned heating method by installing gas heat in your home at once.

Get the pleasure of living in modern times with the invaluable servant, gas heat, to take over all your furnace troubles.

Every home can afford it

All homes—even the most modest, can now afford clean, automatic gas heat. Rates are less than one-half those of 1930-31. You're always trapped gas heat. Now you can have it. We make it possible for you to try it in your own

home without making an investment of one cent in equipment. We're that sure you'll want it forever when you know from experience its reasonable cost—its great advantages.

Just tell us that you want to try gas heat. We will install the equipment in your furnace or boiler and pay every cent of the cost. During the nine heating months of the first year you pay \$3.00 a month rental for the equipment in the average home. This charge will be included with your monthly gas bill. You pay nothing during the three summer months.

If at any time during the first year you decide that you don't want gas heat you order it out. And out it comes. We replace your former equipment in the same or better condition than we found it. If you decide you want to keep gas heat, the rental you paid applies on the purchase price of the equipment. No other fuel makes you such an offer. Take advantage of it at once.

Three Vocational Agriculture Boys Attend State Fair

Three boys, students of Vocational Agriculture at the Antioch Township High School, are attending the State Fair at Springfield this week. Paul Nielsen, honor student in the Junior Agriculture class was selected from this section to attend the Boys' State Fair School. Annually, five students are selected from Lake County and sent to Springfield at the expense of the county.

Kenneth Hills and Homer White of Antioch 4-H Club are representing Lake County in the Club Demonstration competition. The local boys are demonstrating the "Method and Value of Field Improvement."

Others attending the fair from Antioch are Frank Kennedy, Guy Hughes, and Harold Kennedy.

Aces Take Six Point Lead Over Fox Lake in Contest Sunday

Good pitching by Bown and expert support of the infielders and outfielders were responsible for another victory of the Antioch Aces last Sunday in the game played against the Fox Lake players. Hanke led the hitting for the Aces and Dejeck for the Fox Lake team. The latter also pitched for the out of town team.

A game with the Fossland team of Wadsworth is scheduled for the Aces next Sunday. The score last week was 4-38, giving the Antioch team a 5 point lead. Oren Hostetter suffered a broken rib in a collision with one of the Fox Lake players during the game.

Jensen Invited to Talk at Clinic in Chicago Last Week

Dr. G. W. Jensen was requested to appear on the program of the National Veterinary Clinic which was held last Friday at the Palmer House Hotel, Chicago. Sam Elmer, assistant to Dr. Jensen, accompanied him to the convention.

Oriental rugs and antique furniture were pushed aside at the Palmer House while animals were led into the ballroom during the demonstrations and lectures. Among those on the program were Dr. C. F. Schlott, chairman of the Mayo Foundation, Rochester and Dr. E. H. Barger of the University of Illinois.

Adorable Girls Adorn Famous Marcus Show

For the first time in several seasons the popular Marcus Show will be seen at the Genesee Theatre, Waukegan, three days commencing Sunday, Aug. 27.

Two productions, each different and distinct from the other, will be presented during the three days run. At all regular performances "La Vie Parée" will be staged in conjunction with the screen feature, "Constance Bennett in 'Red of Roses,'" with Joel McCrea.

The big event of the Marcus run is promised in a special midnight performance Tuesday—midnight, when the daring French night-club harlequinade, "A Night at the Folies Bergères" will be offered for one time only. The Marcus cast will present the entire two hours and a half entertainment without pictures. Owing to the sophisticated nature of this particular performance children will not be permitted to attend. Seats for this occasion will be reserved. Mail orders accompanied by remittance in full and self-addressed, stamped envelope will be filled in rotation.

Judged from the advance pictorial information the productions of the Marcus Show are decidedly in keeping with the heated terms. Either the young ladies are garbed for equatorial temperatures or they belong to the immortal nymphs of Mount Olympus who are reputed to have given little heed to sartorial adornment. At any rate a Marcus ticket buyer can leave his imagination at home.

Mother's Club Sets Sunday, August, 27 for Annual Family Picnic

Members of the Mother's Club and their families will attend the annual club picnic, Sunday, Aug. 27. Mrs. W. C. Petty, chairman of the committee on arrangements, announced this week. The outing will be held at the L. O. Bright home on Lake Catherine.

Mrs. Petty is assisted on the committee by Mrs. Fred Hackett and Mrs. George Phillips. Mrs. William Anderson, president of the club, is also helping with the plans for this annual event.

Families are requested to bring, in addition to a pot-luck lunch, silver, dishes and fruit juice for a drink for the members of their parties. All mothers are urged to attend and bring their husbands and children.

4-H Club

Cheerful Stitches 4-H Club Our cheerful Stitches 4-H Club held its local achievement day at Oakland School, on Friday, the 18th. Charlene Jorgensen and Zella Ellis gave the demonstration, which they gave on seams at the county contest in July. Ina Quadenfeld gave a talk on camp, and Margaret Hughes gave one on mothers. All the girls modeled their dresses in a style show. The Antioch Club leader, Mrs. Hilma, picked Pearl Edwards as the club champion. Afterward, refreshments of lemonade and cookies were served.

Margaret Hughes, Reporter.

The Antioch 4-H Club held their picnic at the Fox River Park, Aug. 22. Ten members were present. After the picnic lunch we had a meeting. At this time Mary Louise Snyder was chosen "Club Champion." We wish to thank Mrs. Zimmerman and Mrs. Van Der Lande for taking us to Fox River Park.

The county picnic is to be held at Cedar Crest next Tuesday, Aug. 29. All members must exhibit at this time to finish as achievement members. All S. O. S. members leave the following with your leader not later than Sunday noon, Aug. 27: Dress (with hanger and pressed). Slip or short. Patch on garment. Record book complete.

The girls are to be in front of high school at 10:15. Cars will be there to take them to Cedar Crest.

Grant School Will Open on Schedule

Trustees Deny Rumors That Term Will Not Start As Usual

Reports that Grant Community High School will not open at the regular time this fall, were definitely denied by school trustees who attributed the rumor to a "whispering campaign" started by a taxpayers' association within the district.

The announcement was issued by the school trustees last week-end. Rumors that the school would be unable to open, have been in circulation in the community for some time, but were ended when Harold Watts, trustee of the school board, announced that the High School will be open on September 5 with a full curriculum of studies offered. Mr.

Watts states that the district is in sound financial condition.

The "whispering campaign" attributed to the taxpayers' association, was propaganda intended to influence parents within the district, according to board members. The High School is in its third year, and an enrollment of around 180 pupils is anticipated.

Stunts, Demonstrations Are Features of Home Bureau Garden Party

An interesting variety of stunts, games, musical selections, readings, demonstrations, and lessons comprised the program of activities at the annual Garden Party of the Lake County Home Bureau held last Thursday afternoon, at the home of Mrs. Carl D. Hughes of Millburn. Sixty-five members and guests were present.

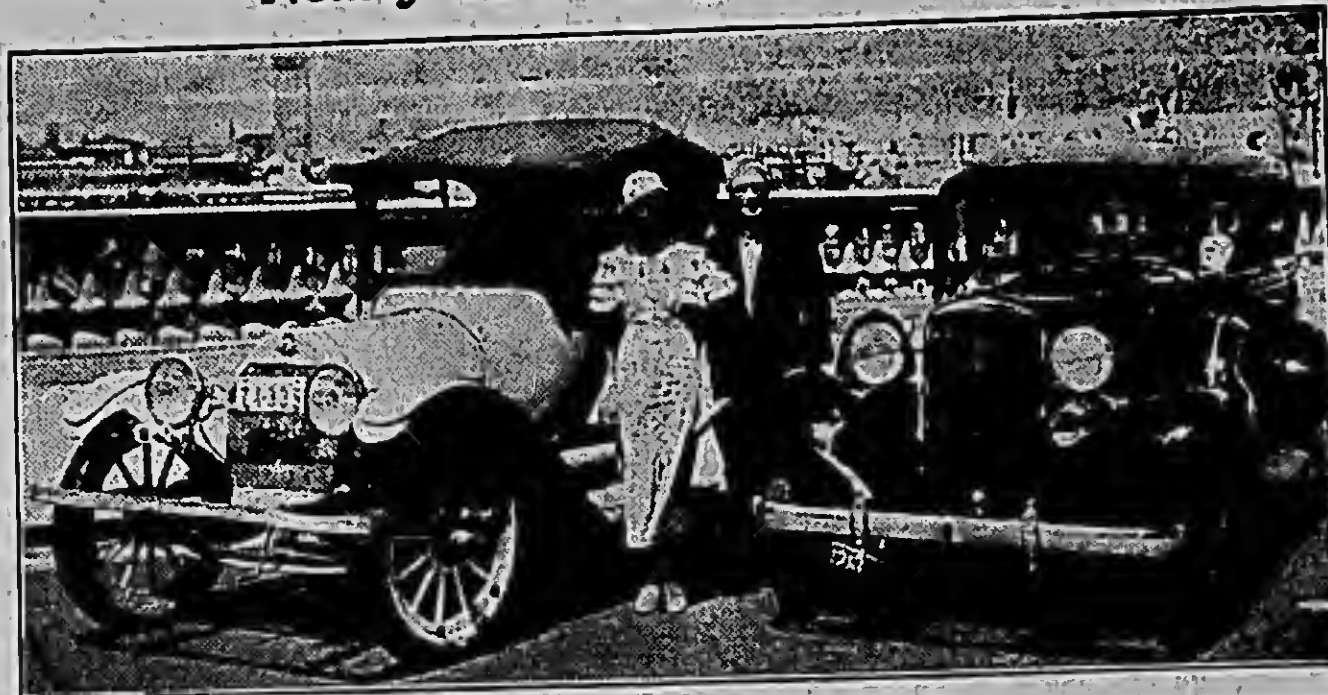

A summer garden party is held annually for the purpose of combining all four units of the Lake County Home Bureau—Hickory, North Prairie, West Warren, and Wadsworth.

The members of the various units were well-mingled at the beginning of the afternoon through an exchange of autographs. Following this each unit put on a "stunt," which included a yell, musical numbers, and readings. A demonstration of making macaroni salad was put on by Miss Betty Grippen and Miss Esther Dixon, of Warren 4-H Club, after which the Home Adviser, Miss Florence Kimmelschne, gave a brief talk on the major lesson, "Ways of Using Milk in Cooking." Homemade cookies and punch were then served.

Nearly 'A Century of Progress'

So rapid have been advances made in car design and performance that when the old timer on the left rolled up to the gates at A Century of Progress, Chicago, at the end of its trek from Texas, visitors well may have wondered whether it was destined for an exhibition hall. It is a 1916 Chevrolet roadster owned by T. J. Finerty, of San Antonio, who with Mrs. Finerty is shown beside the car on the World's Fair grounds. The old timer has been in continuous service since its purchase, has taken its owners through practically every state in the Union, and has rolled up more than 300,000 miles. Beside it is shown a 1933 Chevrolet coach built in the assembly plant operated by the Chevrolet Motor Company in the General Motors Building at the Fair.
